In Memory of Tony Ikin and David Smith

Following the passing of both these well-known dog exhibitors a decision was made by Kari and Cheryl Harding with Kent Ikin to make a generous donation of a Best in Show trophy in memory of both these gentlemen.

Just a brief history starting with Tony who had shown many breeds but we are concentrating on Tony with the Löwchen breed. Tony along with his wife Sue became interested in Löwchens in the late 1970's one of their first imports was Eng. Ch. Feather of Littlecourt exact dates the author is not sure but thought in 1980. This lovely girl was followed by Littlecourt Wizard both went on to become Australian Champions and remain in many of the pedigrees of today's Löwchens.

A brief history of David Smith is that he came here from England we think in 2005 and engaged in a partnership with Tony and Löwchens became one of their breeds to show. In the beginning showing dogs from Kilgarrin, Kristarz and breeding with the Shysu prefix. In partnership with Kari and Cheryl Harding they imported Golbourne Jimmy Choo from the UK. At the same time Tony and David also imported Golbourne Parti Chic Shysu also from UK. With these dogs Tony and David had established a solid direction for their breeding program. Sadly this has not come to fruition but we are sure with Kari and Cheryl's support these lines are not lost.

We the Little Lion Dogs of Victoria send our condolences to the families and friends of the 2 lovely men a great loss to the dog showing community.

A & E Ch Feather Of
Littlecourt Imp UK, 23.10.1978

TROPHY DONATIONS 2022

CHAMPIONSHIP SHOW

Little Lion Dogs of Victoria would like to thank the following for their donations.

The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed
