**President's Message**

Welcome (***FINALLY!***) to our second Championship show for 2022. Usually held in October each year, this was not possible due to weather, ground closures and date changes so thank you for your patience and understanding and for supporting this event with your entries today. Huge thanks to our Show Secretary, Lynne Cook, for her tireless efforts in securing a new date and ensuring this show went ahead - albeit in a slightly different format as we are sharing the grounds and date with County of Cumberland ABKC who have been very accommodating.

Thanks also to our judges officiating today - our conformation judge Berlinda Shepherdson from Adelaide who despite the date change was still able to join us today and our Property judge Tracy Hofman who very kindly accepted the last minute invitation to judge when our previously contracted Property judge was unavailable on our new date. We hope that you both enjoy the day judging our wonderful breed.

Our sponsors again are Black Hawk and Orivet and their generosity and continued support of our club's shows and trials is greatly appreciated.

Prior to the start of proceedings today we will be holding a minutes silence in memory of one of our club's life members - Gillian Elven - who sadly passed away last week. Gillian and her husband Graham have been club members and actively involved in obedience, tracking and herding for well over three decades and their dedication to our beloved Border Collies and to our club has been greatly appreciated. Gillian was a generous, kind person who inspired many with the lovely connection she had with her BCs in and out of the ring. She enjoyed trialling success over the years with many dogs bred under their Wraysbury prefix and her presence ringside will be missed by many. Our sincere condolences to Graham - may you rest in peace Gillian.

Best wishes to all.....

Lauren Somers  
*President*

# The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

## So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed

Thanks also to our wonderful online provider:
