CH. LOTEKI SUPER NATURAL BEING

With thanks to Lou-Ann King (Loteki Papillons) for permission to use this image

The second in a series of famous past Papillons to feature on the Papillon Club of Victoria's Championship and Open Show Catalogues.

The following information is taken from Wikipedia.

Kirby

Ch. Loteki Supernatural Being (December 31, 1990 – February 12, 2007) also known as Kirby, a Papillon, best known for being the only dog to have won all three major international dog shows in the same year and being the oldest winner of the Westminster Kennel Club Dog Show at eight years old, until his record was broken in 2009 by Clussexx Three D Grinchy Glee at ten years old.

Early life

Kirby was one of four in a litter born on December 31, 1990, to Ch. Loteki Supercharger (Rico) and Ch. Loteki Denzel Fortuneteller (Gypsy). One of his litter mates was Am/Can CH. Loteki Turbocharger, CDX who became a therapy dog and won multiple groups in Canada.

Show history

Kirby's first Westminster victory came in 1993, when he won Best of Breed. In 1996 he became the first Papillon to place top in the Toy group he would end up placing second overall at the 1996 Westminster Dog Show, being defeated by Ch. Clussexx Country Sunrise, the very first Clumber Spaniel to win at Westminster.

In 1997, he lost his best of breed title at Westminster to CH Loteki Good Time Charlie, a nephew of his, however, in 1998 he regained that title and placed third in the toy group.

In 1999, Kirby became the first Papillon to win best in show at Westminster. He also became the oldest dog to ever win at Westminster at eight-years old, a record which would stand until 2009 with the ten-year-old Sussex Spaniel Clussexx Three D Grinchy Glee. The victory at Westminster in 1999 added to a remarkable 31 best in show trophies, including winning the World Dog Show in Helsinki, Finland and the Royal Canadian Show in 1998 in the same show year. Kirby is the first dog to have ever won both at Westminster, and at the World Dog Show.

Kirby returned to the show ring in 2005 at the age of fourteen at the Papillon Club of America's National Speciality Show in Cincinnati, Ohio. He was entered in the Veterans Class - a class for Papillons over the age of eight. On the first day of the competition Kirby, who had previously won the National Papillon Speciality on three occasions, won the ribbon for best Veteran Dog. On day two, Kirby returned to the ring for the first round of cuts for the championship, but with a different handler. Cheslie Pickett, less than two years older than Kirby led him around the ring with his normal handler John Oulton taking charge of Nemo, Kirby's son. Kirby was chosen by judge Sandra Goose Allen as the winner of the 2005 National Papillon Speciality - making his handler Cheslie Pickett the youngest ever to have won the National Papillon Speciality, and Kirby the oldest dog ever to have won and the only dog to have won it four times.

Introducing our Judge:

Mr Michael Hayes (Vic)

I have been involved in dogs all my life, and having returned to the show scene in 2008 with Miniature Pinschers that I've had many successes over the years at All Breeds and Specialty Levels.

My love affair for Papillons started in August 2013 at Maffra when Marlene Robbins asked me to help her and Judith French to hold the Papillons. I remember having to take Judith's bitch Aust Ch Watermill Mietta back into the ring for Reserve Bitch Challenge and was proceeded to take the award! What a thrill for my first time showing a Papillon!

It was then a friendship was formed that Judith asked me to regularly show Aust Ch Watermill Lotus Blossom and that bond saw us winning Bitch Challenge and Several Best of Breeds, including two Runner Up in Group with one being converted into Australian Bred in Show! I was also asked to show Aust Ch Watermill Senor Pablo along with Lotus and another bond was formed with many lovely breed wins including Runner Up to Best Exhibit in Show at the May 2017 Papillon Club of Victoria Specialty!

Due to my love for Papillons, I've purchased my own through a planned mating of Aust Ch Watermill Lotus Blossom to Aust Ch Siljans Den Du Connections which saw Bailey (Aust Ch Neuter Ch Watermill Ralph Lauren RA TK.S) entered our lives who titled with ease in the conformation wins with Classes in Groups along the way. We are now competing in the trialling scene having obtained his Rally Advanced title last year, and his Tricks Starter title at KCC Park first Inaugural Trick Trial where he was subsequently placed 5th and 6th in entry of 70+ dogs! He is now venturing into Scentwork with his first trial next week proving the versatility of the Papillon Breed!

I'm looking forward to judging the beloved Papillons and meeting all of you and your dogs!

Thank you for the fantastic entry and support.

I have donated two special rosettes in memory of Aust Ch Watermill Senor Pablo for my Best in Show and Best Baby Puppy in Show. I have also donated a beautiful prize for my Best in Show winner which I've purchased from Crufts this year.

Interestingly not without its drama where my prize nearly ended up being thrown out at Dubai Airport by security that I had to argue that it had to come home with me!.

All the best and enjoy your day!

-Michael Hayes.

Papillon

PAPILLON

Pre 1987 Kennel Club, London

Group: Group 1 (Toys)

History:

General Appearance: This dainty, balanced little toy dog should have an attractive head, an alert bearing and an intelligent and lively expression.

Movement should be sound, light and free and not cramped or restricted in any way.

Characteristics: This dainty, balanced little toy dog should have an attractive head, an alert bearing and an intelligent and lively expression.

Temperament: (Not detailed.)

Head And Skull: The skull slightly rounded between the ears, the muzzle finely pointed and abruptly thinner than the skull accentuating the stop which should be well defined. Length from tip of the nose to the stop approximately a third length of the head. Nose should be black.

Eyes: Of medium size, rounded, dark in colour, placed rather low in the head and should not bulge.

Ears: The ears should be large and mobile with rounded tips, heavily fringed, set towards the back of the head far enough apart to show the slightly rounded shape of the skull. The ears must be completely erect or dropped. When the ears are erect they must be carried obliquely like the spread wings of a butterfly, therefore the name, Papillon. When the ears are dropped they must be completely dropped, and this type is known as the Phalene (moth).

Mouth: Scissor bite, upper teeth fitting closely over lower. The lips thin and tight.

Neck: Of medium length.

Forequarters: Shoulders well developed and sloping back. Chest rather deep. Forelegs

straight and slender and fine boned.

Body:	Level topline. The body should have plenty of length, well formed with well sprung ribs, good length of loin which must not be weak, with slightly arched belly.
Hindquarters:	Well developed, good turn of stifle. Legs when viewed from behind, should be parallel. Dew claws on the hind legs must be removed.
Feet:	Fine and fairly long, as in the hare. The tufts of hair between the toes extending far beyond them.
Tail:	Long and well fringed, set on high, arched over the back with the fringes falling to the side to form the plume.
Gait/Movement:	Movement should be sound, light and free and not cramped or restricted in any way.
Coat:	Should be abundant, (flowing) but without undercoat, long fine, silky, falling flat on back and sides forming a profuse frill on the chest, short and close on the skull, muzzle and front part of the legs. Back part of the front legs to pasterns, tail and thighs covered with long hair.
Colour:	White with patches which may be any colour except liver. A tricolour must be black and white with tan spots over the eyes, tan inside ears and under root of tail and on cheeks. The head marking should be symmetrical about a white, narrow, clearly defined blaze.
Sizes:	The ideal height at the withers from 20.3-28 cm (8-11 ins). The dog will appear to be slightly longer than high when properly furnished with ruff and hind fringes.
Faults:	<p>Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.</p> <p>Skull flat or apple shaped. Muzzle overlong or coarse. Nose other than black. Eyes light in colour, too small or too large, or protruding. Ears semi-erect or not fully dropped, small, sharply pointed or set too close together. Mouth over- or undershot to the extent that the incisors do not touch at all. Wry mouth. Shoulders straight. Out at elbow. Topline roached, dipped or cobby. Legs malformed and crooked, cow hocked, too long or too short. Stifles straight, coupled with weak hindquarters. Tail unduly short. Too low set. Harsh, curly or stand-off coat.</p>
Notes:	Male animals should have two apparently normal testicles fully descended into the scrotum.
