**Wee Off**  
BIO-BACTERIAL  
Stain & Odour Remover

## TOUGH ON THE STAINS & ODOUR EASY ON THE ENVIRONMENT

Wee Off is a natural and revolutionary way of removing stains and odour from most soft and hard surfaces such as carpet, mattresses, fabrics, wood, tiles and artificial grass. Wee Off contains billions of friendly bacteria that target and digest any organic matter such as human urine, pet urine, vomit, blood, wine, coffee and food, eliminating the source of the problem rather than masking it.

Wee Off is the first and only eco-label certified microbial product for stains and odour removal in Australia. This certification has been awarded by Good Environmental Choice Australia (GECA).

### REMOVING PETS URINE

Cleaning dog urine or cat urine is one of the most common cleaning problems across Australian households. Pets' accidents are almost avoidable and it is a matter that must be dealt with. However, with Wee Off, this is not a problem anymore.

Wee Off removes the most difficult to eliminate urine components, which guarantees a urine free environment. You can use Wee Off to remove urine from carpets, fabrics, artificial grass, kennels and many other surfaces. Wee Off can be also used to remove any other bodily fluids such as vomit, blood and poo stains.

- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

## So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
