Introducing our judge...

CONFORMATION

DR GYÖRGY TESICS (HUNGARY)

Group 4b (Balance of Breeds) and Group Specials

Group 5 (Working Dogs) and Group Specials

BABY PUPPY IN SHOW

György Tesics was born and raised in Novi Sad, Yugoslavia, but has been living in Budapest, Hungary since 2000. György entered the dog world with Afghan Hounds. From the moment he began, he has been very passionate about dogs generally, and especially the beauty, character, speed and power of the sighthounds.

György bred and exhibited Afghans under the Ben Bens prefix, but now owns Sloughi. He discovered this special breed some 25 years ago, finding them to be a perfect breed for him. Since then he has been exhibiting the breed, also participating in lure coursing competitions.

György developed the first Dog Specialised Magazine "Moj Pas" in the former Yugoslavia and was Chief Editor for the first four years. György began his judging career as a natural progression from breeding and exhibiting over 30 years ago. He is now an approved FCI Best In Show judge. György is also a Lure Coursing Judge. György has judged widely across the continents of Europe, Scandinavia, Asia, Australia and North America, adjudicating in over 30 countries including Russian, Finland, Sweden and the USA.

György has judged at many International CACIB shows, and some of the most prestigious sighthound shows, together with other well-known shows around the world including the Donaueschingen Sighthound Specialty in Germany, the Australian Afghan Hound National and USA Afghan Specialties, Adelaide Royal, Nitro 2019, Helsinki Mastery Show, The French Championship, Helsinki Winners. György also has invites for forthcoming European Dog Shows (EDS), and the Orlando cluster.

György is a member of the Board of Judges for the Hungarian Kennel Club, thus passing on his experience and expertise to younger judges. He actively participates in seminars for judges with the Hungarian Kennel Club, both relating to conformation judging and lure coursing.

Wherever György travels and judges, he is remembered for his kind and considerate and knowledgeable approach to both exhibitors and dogs. György loves dogs and has been able to balance his love with his judging, his professional life and his family life – not always an easy task to achieve. Professionally György is a dentist, running a dental clinic in Budapest, where he works as a specialist in Periodontology and oral medicine. György speaks fluent Serbian, Hungarian, German and English.

György's last appointment in Australia was at Adelaide Royal Show. This will be his first appointment in Victoria, and he is absolutely thrilled to be invited to such a prestigious event. We are delighted to welcome György Tesics to the Melbourne Royal Show.

9 Reasons why LifeWise petfood is so much better...

- 1. Quality Ingredients:** The selection of ingredients for the LifeWise food products is based on quality grounds alone. But the issue of quality ingredients extends much further than just the purchase. Rigorous testing, careful handling and processing plus the use of foil laminate packaging ensures the food retains its freshness and quality right through until it is consumed by your pet.
- 2. Sympathetic Ingredients:** For a food to be truly nutritious, it must be made from ingredients that are sympathetic to the animal. All LifeWise foods are specifically formulated using raw ingredients in specific proportions to one another, thus supporting the gut microbiome. This is essential if the food is to satisfy the animal's "Functional Nutrition" requirements (Functional nutrition is responsible for around 50% of the health and well being of the animal).
- 3. Exacting Science:** LifeWise food products are backed by 50 years of continuous research into the science of combining essential nutrient ratios within the food in the same proportions as the nutrients are utilised in the body. This aspect of nutrition is termed "Genetic Nutrition" and is responsible for the other 50% of the health and wellbeing of the animal. No animal can be truly healthy unless both the Functional and Genetic nutritional needs are satisfied.
- 4. Ethical Recipes:** The combination of high quality, sympathetic ingredients in the correct proportions to create a specific essential nutrient profile is both an ethical and an effective method of feeding pets. LifeWise food products deliver the correct outcomes that are specific to each particular life stage when fed appropriately.
- 5. Superior Bioavailability:** The LifeWise scientific approach is that it increases the apparent bioavailability of the food. By combining the ingredients in a manner that delivers precise essential nutrients in the correct ratios for use in the body means more of the food value is actually used in the body and less is passed as waste.
- 6. Healthier Outcomes:** Delivering a truly balanced array of essential nutrients drawn from quality ingredients allow the body to balance itself naturally. Feeding LifeWise food eliminates 90 - 95% of all sensitivity issues in dogs, thus maximising your precious pet's wellbeing and happiness.
- 7. Reduced Stress:** Probably the greatest benefit of the LifeWise science and quality is the reduction of stress. It is well known that reducing stress increases general health and disease resistance, well being and longevity. When you consider the universal desire of all pet owners and lovers is to do their very best for the animal, then the LifeWise approach provides the ultimate consumer benefit.
- 8. Priced Honestly:** The old adage tells us that cheap can't be good, but it doesn't necessarily follow that expensive is better. However, with LifeWise the food is priced fairly. The science, the quality ingredients, the rigorous testing and the high quality packaging are all serious costs, but that is all that is included in the price.
- 9. Truly Australian:** LifeWise is 100% Australian; Australian original science, Australian pure and clean raw ingredients processed in Australia by Australians for dogs the world over.

LifeWise offers a full range of both dog and cat foods in ten delectable flavours and styles including grain based and grain free variations.
