12 Mar 2015

Odin was my entry into the World of Dog showing and what a ride it's been!

He has taught me a lot and we learned a lot together! Odin is a funny fellow; he can be both unassuming and then very sooky and affectionate with his good morning smooches and a big "WOO WOO" to let me know he's there.

He likes to take a backseat and let the girls "Poppie and Millie" run the show, he adds his own enthusiasm from the back row, he knows the girls rule the roost. Although he does love to lay in front of the shower door and block me from getting out! He is also a paper thief; he will take and chew paper and cardboard at any opportunity.

Odin successfully became a Delta therapy dog and was a regular visitor to the Homeless shelter in Adelaide, he was a huge hit with everyone there.

His most recent achievement is his introduction to Nose work which he thoroughly enjoyed and will continue onto in the next level.

5 May 2016

Moni is our 8-year-old Landseer bitch born at Amblebrook in the Adelaide hills; I fell in love with her when I visited her breeders house the week she was born. She finally came to us at 4 months old and has had an impressive long show career to date, teaching me all about the show world and how to work with your dog along the way.

She has held the number one bitch title nationally in the Dogzonline breed challenge point score in both 2021 and 2022 as well as being the top South Australian Newfoundland overall for both years.

After gaining her Grand Champion title at 6 and a half she took a break from the ring so we could focus on her granddaughter and let her enjoy her expo and breed promotion events instead. She made a return to the ring late last year as a neuter. She quickly achieved her neuter title with multiple in show wins and has now firmly decided that she is mostly retired from the ring and only coming out when she feels like it in her typical Moni fashion

Miss Poppie is the sweetest and most gentle girl who is usually quiet and unassuming, except for mealtimes! she has an inbuilt alarm that starts around 4:30 am that denotes breakfast must be coming soon! This also happens anywhere from 1:30 in the afternoon when she decides that her stomach is empty, and her human is responsible to fill it NOW.

Poppie is generally a quiet girl who only barks when telling the rest of the pack off when they are playing or when she wants food. She loves to snuggle on the lounge and will sit in front of visitors and stare at them if they are in her seat.

Poppie does not particularly like going in the car and never has, this has been a comical event with me struggling to drag and lift her dead weight into the car to attend dog shows, on the return to the car to leave she will very happily jump straight into the car!

Poppie loves going out but absolutely loves to return to her comfort zone "Home".

Why care matters to Tiarne

Always having a soft spot for the Siberian Husky, vet nurse by day, Tiarne Tattersall decided to follow her family's passion in dog breeding. She knew choosing the right food would be an important part of her success as a breeder.

Moving to Black Hawk, she noticed her Huskies' coats were better, as well as improved muscle condition and overall health and well-being.

Care is at the heart of everything we do at Black Hawk. From being locally made to using premium Australian ingredients.

We want to congratulate Tiarne and her Huskies, Loki and Layla, on a successful show record last year.
