Frances Wilson PLANHAVEN KENNELS

The Newfoundland Club of NSW Specialty Championship Show was renamed by the Club Members to the "Frances Wilson Memorial Championship Show". The first show being 2022 (due to Covid restrictions) after Frances' passing at the end of 2020.

The Members decided on the new name as a tribute to Frances, being one of the founders of the Newfoundland Club of NSW back in the 1970's.

She was always a keen member and served on the Committee in various roles from the Club's inception until her passing. Frances was granted Life Membership in 1993.

Frances actively showed her dogs in all states of Australia and was awarded many Best Exhibit in Show with her beautiful Newfoundlands.

She was a walking encyclopedia when it came to the Newfoundland breed. I don't think there is another person who could match her for her knowledge of the breed.

Frances had a very good eye for a dog and seemed to just know which out of a dozen puppies would be the best.

Most Newfoundland breeders in this country have Planhaven dogs in their lines and we must all thank her for the wonderful legacy that she has left us to carry on with in the future.

Robyn Parkin

Judge – Ingrid Lyden

Our first Newfoundland was born almost 40 years ago, in September of 1986. Newf began Chris' and my love affair with the breed and taught us so much about the amazing abilities of Newfoundlands. Newf was our first CD, WD, WRD and DD. We acquired our foundation bitch Nakiska in March of 1988 and whelped our first litter in the summer of 1990. We chose Nakiska as our kennel name, as it means "warm, friendly greeting" which I believe Newfoundlands should always strive to provide. Since that time between four and fifteen Newfoundlands—and usually one Portuguese Water Dog—have always lived in our home, and we've been fully involved in the world of dogs.

Unfortunately, Chris was diagnosed with cholangiocarcinoma in the summer of 2022 and died less than a year later. I have continued to pursue our passion for dogs solo and currently share my home with ten Newfoundlands. I love spending time with my dogs and participating in a variety of activities with them. I

enjoy showing my own dogs in the breed ring and have also been involved in water, draft and obedience work over the years. I continue to breed on a small scale and collaborate with other breeders as well. I have been licensed to judge Newfoundlands since 2017 and have been honoured to do so at several venues across the United States, as well as in Denmark and Italy. I also judge Junior Showmanship and have judged sweepstakes and matches for numerous other breeds.

Over 135 dogs that I've bred have earned their AKC breed championships; over 20 are Registry of Merit qualifiers and an equal number have earned versatility titles. I've shown throughout the US and Canada and have owner-handled our dogs to Best in Show, multiple Group 1 placements, other group placements, and many Regional and National Specialty wins. Multiple dogs that I've bred have captured Best in Show awards across the US, and I've had numerous dogs ranked in the NCA Top 20 since its inception in 1996. My dog Safari (MBISS GCHG CH Nakiska 'N Pouch Cove's Love The Journey ROM) was the NCA Top Producing Sire in both 2023 and 2024, and I continue to see his get achieve significant success in both the breed and working arenas.

I am active in the Newfoundland Club of Seattle, the Newfoundland Club of America, and the Olympic Kennel Club, and I am also a member of the Pacific Northwest Newfoundland Club and the Mt. Rainier Working Dog Club. Over the years, I have worn many hats, including board member, proof reader, JEC secretary, Awards Chair, Sweepstakes and AKC judge, water test chair, draft test judge, and steward for all venues.

In addition to my "dog work," I spent 37 years as a high school science teacher, retiring from full-time teaching in 2024 after Chris died. I'm a bit of a sports fanatic and love the Seattle Seahawks, the Seattle Mariners, college football, and just about anything sports-related. Daily, the dogs and I log many miles together for exercise, and then we spend most evenings watching TV and sharing huge bowls of popcorn.

The best part of dogs is the love and friendship they always give. Through them, I've been fortunate to form incredible relationships with people all over the world, and my closest friends are part of this same crazy dogdom. Participating in working and show events with the dogs strengthens the bonds I share with both the dogs and the people on the other ends of their leads. Finding the time to get everything done is a challenge for all, but seeing my dogs perform and sharing their love is so rewarding. I am truly honoured to be invited to judge in Australia and can't wait to visit your country, meet the dogs, and—most importantly—the people!

AGGRESSIVE DOG REPORTING

Refer

Regulation Part II – Show Section 14.10

- (a) It is the obligation of each owner, exhibitor and handler at a show to take all such steps as may be necessary to ensure that any dog under that person's care or control or for which that person is responsible does not behave in an aggressive manner.
- (b) It is the obligation of any person at a show who observes a dog behaving in an aggressive manner to report the incidence either orally or in writing to a member of the Show Committee as soon as possible after the incident.

President's Message

Good morning everyone,

On behalf of the Committee of the Newfoundland Club of New South Wales, it is my absolute pleasure to welcome you all to our Specialty Show.

Whether you have travelled across town or across the country, thank you for being here and for sharing in this special day. Our Specialty is more than just a dog show—it is a celebration of a breed that has captured our hearts and brought us together through a shared love and admiration for the gentle, loyal and noble Newfoundland.

To our exhibitors, thank you for the countless hours of dedication, care and commitment you invest in your dogs. Behind every exhibit is a story of early mornings, late nights, hopes, dreams and a genuine passion for preserving and promoting this remarkable breed. You are the heart of the breed and today is a celebration of all that you do.

A very warm welcome and sincere thank you to our esteemed judge Ingrid Lyden for accepting our invitation to officiate at today's Specialty Show. We are honoured to have you with us and greatly appreciate the time, knowledge and experience you bring to our event. We look forward to your considered evaluations of our wonderful Newfoundlands.

I would also like to extend my heartfelt thanks to our sponsors, stewards, volunteers and committee members. So much work takes place behind the scenes, often unseen, and without your generosity, support and countless hours of hard work, today simply would not be possible.

Most importantly, I hope today is filled with friendship, good sportsmanship and plenty of laughter. While ribbons and awards are always exciting, it is the friendships we make, the knowledge we share and our mutual love of this magnificent breed that make our Specialty truly special.

To everyone here today, whether you are exhibiting, helping, supporting or simply enjoying the company of fellow Newfoundland enthusiasts, thank you for being part of our club and our community.

I wish each and every one of you the very best of luck in the ring. Have a wonderful day, make lasting memories, and above all, enjoy celebrating the magnificent Newfoundland.

Welcome, and thank you all for being here.

Regards

Donna Bailey

President

The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed

5th March 2018

Eight years ago, a very special girl came into the world, and without knowing it, she changed my life forever. From the day she was born, she has filled every chapter of my life with unconditional love, loyalty, and countless unforgettable memories.

She has been an incredible mother, raising beautiful puppies with love, and now she watches on as a wonderful grandmother.

While many dogs would be slowing down, she is still doing what she loves most stepping into the show ring, making a splash whenever she finds water to swim in, and now beginning a new adventure as we explore therapy work together.

Watching her bring comfort and joy to others feels like the perfect next chapter for such a wonderful girl.
