

TRICK TRIALS MUD MAP (Durack lure coursing fields)

The red dots are to show where to go to get to the "back" gate onto the lure field. The red line is to mark the car parking. Cones will be put out, and no one is to drive beyond the cones. The blue is an approximation of the ring set up (12m x 12m). Both rings will be enclosed with orange temporary fence. No dogs are to be out of their crates unless they are competing or being toileted behind the car parking zone.
