German Shepherd Dog League State Breed Exhibition:

Judge: Jean Butterfield – Alimanda Kennels (SA)

Firstly thank you to the GSDL committee for my invitation to judge today and to the exhibitors for their support and I wish you all good luck today.

Alimanda Kennels was established in 1977 by Earle and Jean Butterfield with the name being derived from our two daughters Colette Alison and Gayle Amanda.

With the purchase of our first German Shepherd bitch in 1977 from Beautrae Kennels (Doug and Rae West) "Beautrae Tufflys Nina " saw our introduction to dog showing when a condition of sale was that she was exhibited. Nina was a very successful introduction to our family being awarded her Australian Championship title at the age of sixteen months. She won many group awards and in show awards handled by Earle. From Nina Alimanda bred their very first litter. Since then we have bred several litter litters with much success. We have bred and titled many Australian Champions and have attained the Gold Medal for fifty plus dogs gaining their title of 'A' Z' for hips and elbow passes under the German Shepherd Dog Council of Australia breed Scheme.

We have always supported the GSDC council schemes and every animal that we bred from has been Breed Surveyed under the Council breed Survey scheme.

Together with other Alimanda Kennel dog owners our animals have been awarded 49 times the grading of excellent under the German Shepherd Dog Council of Australia breed scheme.

Earle and I were awarded life Membership of the German Shepherd Dog Club of SA in 1987

I was on the Club Committee for 22 years prior to Earle's death as Club Treasurer and Breed Affairs chairperson, Earle assisted at many shows and Nationals in the set up and delivery of equipment especially when they were held at Nuriootpa. I am currently working for council as a Breed Surveyor to assist others in support of their breeding.

I am a licensed All Breeds Judge, and have travelled to many overseas countries and thoroughly enjoyed the opportunities this has given to me in judging many dogs and meeting many people who have become lifetime friends.

Of course all of above could not have been achieved without the help of my family. Today and since the death of Earle in 2008 the kennel has been able to continue with the help of my daughter Gayle, Ray Mercer (Handler) and granddaughter Baylie (Handler).

Breeding dogs is a complex activity though most think it's easy, but to strive to breed quality animals that are healthy that people can admire is a lifetime of knowledge in breeding.

EACH BREED IS UNIQUE

GERMAN SHEPHERD ADULT

TAILOR-MADE
KIBBLE

The kibble's shape, size, texture and formula are adapted to the German Shepherd breed.

GERMAN SHEPHERD ADULT DIET BENEFITS

Digestive Sensitivity

The German Shepherd dog can experience a sensitive digestive system that can lead to soft stools and digestive upset.

ROYAL CANIN® German Shepherd Adult diet takes into account the German Shepherd's digestive sensitivity. This diet contributes to supporting digestive health thanks to highly digestible proteins (L.I.P.*) and a selection of specific fibres to limit intestinal fermentation while promoting a balance in the intestinal flora.

Skin Conditions

The German Shepherd is often considered to be more sensitive to skin allergies, particularly to allergens in their environment.

ROYAL CANIN® German Shepherd Adult diet helps support the skin's "barrier" role (exclusive complex) and maintain skin and coat health (EPA and DHA).

Bone and Joint Sensitivity

As a large breed dog, the German Shepherd can be prone to bone and joint sensitivities.

ROYAL CANIN® German Shepherd Adult formula helps support healthy bones and joints and maintain ideal weight. Enriched with EPA and DHA.

Get access to exclusive promotions available only to our Royal Canin® Breeder Club members.
